

MARINE WIRED REMOTE CONTROL

FEATURES:

- Compatible with Polk Marine series radios
- Through hole mount with threaded housing and knurled securing nut
- Waterproof (IPX6)
- Blue backlit controls (LED illumination)
- Spin-on mounting clamp
- Removable/interchangeable trim ring (chrome included)
- Conformal coated circuit boards
- UV resistant finishes/materials (ASTM D4329)
- Corrosion resistant materials (ASTM B117)
- Ignition protection certified
- 2" diameter mounting hole

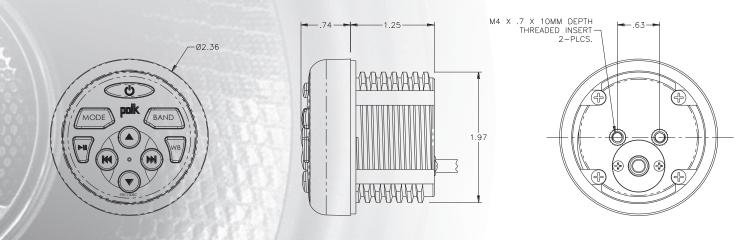

FEATURES:

- Compatible with Polk Marine series radios
- Surface mount or rear flush mount
- Waterproof (IPX6)
- Full function sunlight readable display (positive type LCD)
- White LED backlit controls and LCD illumination
- Removable chrome trim ring included
- Ignition protection certified
- Confromal coated circuit boards
- Corrosion resistant materials/finishes (ASTM B117)
- UV resistant (ASTM D4329)

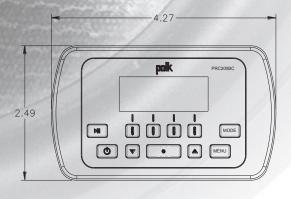

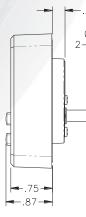

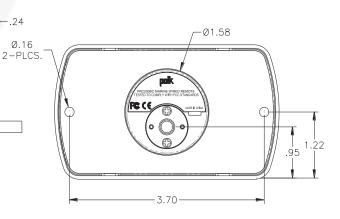

Water Resistance Rating	IPX6	
Operating Temperature Range	-4°F to 149°F	-20°C to 65°C
Storage Temperature Range	-22°F to 158°F	-30°C to 70°C
Maximum Relative Humidity	100%	
Overall Dimensions	$2^{1}/_{2}$ " Dia. x 2"D	
Product Weight (unpackaged)	³ / ₄ lb.	

Water Resistance Rating	IPX6	
Operating Temperature Range	–4°F to 149°F	-20°C to 65°C
Storage Temperature Range	-22°F to 158°F	-30°C to 70°C
Maximum Relative Humidity	100%	
Overall Dimensions	4.25"(L) x 2.45(H) x 1"(D)	
Product Weight (unpackaged)	5 ounces.	
Applied Test Suite	ASA ES0001	
Regulatory Certification	FCC Part 15B / CE /
